

Certificate of Approval of Design for Special Form Radioactive Material

Identification: R6050	Description: Sealed Capsule
Drawing and Specification References	
Drawing List: QS6050 Issue 5 Dated 13 March 2003 Application: R6050SFA Issue 8 Dated 15 August 2006	
Quality Assurance Programme : REVISS Services' Quality Manual	
Radioactive Material	Maximum Activity
Caesium - 137	53.3 TBq
Actions required before shipment: No specific actions identified	

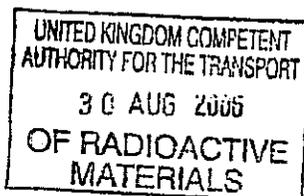

THIS IS TO CERTIFY that the Secretary of State for Transport being, for the purposes of the Regulations of the International Atomic Energy Agency, the Competent Authority of Great Britain in respect of inland surface transport and of the United Kingdom of Great Britain and Northern Ireland in respect of sea and air transport and the Department of the Environment for Northern Ireland being the Competent Authority of Northern Ireland in respect of inland surface transport, have approved the above mentioned Special Form Design. Radioactive material manufactured to the above-mentioned design qualifies as special form radioactive material and as such will meet the requirements of the regulations overleaf.

This Certificate of Approval applies only to the design as set out in the above named drawings and specifications submitted in an application by REVISS Services (UK) Ltd

In the event of any alteration in the design or manufacture of the Special Form Radioactive Material, or in any facts stated in the application for approval, this certificate will cease to have effect unless the Competent Authority is notified of the alteration and the Competent Authority confirms the certificate notwithstanding the alteration.

This Certificate Cancels all Previous Issues and is valid until the end of August 2009
